SMARTKiDZ emphasizes on the overall development of the child through age-appropriate learning experiences, preparing them thoroughly for the next stage of their schooling.

SMARTKiDZ Pre School ensures that children learn as effectively and efficiently as possible in a caring and friendly environment. Equal consideration is given to social, physical, emotional, spiritual and intellectual development. Here children are very well equipped to meet the challenges ahead.

Parents aspire to provide the best of learning opportunities to their children, a firm foundation in knowledge and skills and enduring values. Parents are therefore integral to the realization of our goals and their overwhelming trust in what we do, has always been a great inspiration.

OUR VISION

The vision of our school is to provide a learning environment that encourages children to bring out the best in themselves and which supports their all-round development through discovery of the joy of learning, creating, developing and illuminating their intellect in different ways and instilling abiding values in them.

OUR AIM

Our aim and objective is to offer Value Based Education (VBE), to mould the child morally to face the challenges of modern day living and to give them practical and judicious combination of academic excellence and extra-curricular activities/ character building through a play way method.

We create a developmentally appropriate curriculum to meet the needs of an individual child.

Our aim is to guide all our children on their individual journey of learning and discovery and give them the very best opportunities. We ensure that each and every child has a happy pre-school experience.

OUR OBJECTIVE

- To nurture the talent in each child so as to develop them as confident individuals who can communicate in more than one language and as learners who are principled, reflective and self-disciplined.
- To provide a safe and secure environment in which each child can enjoy learning and achieve excellence.
- To provide state-of-art facilities, infrastructure to optimize teaching and learning outcomes.
- To continuously improve on the curriculum through regular implementation of new pedagogies.
- To foster the development of the child as a whole and enrich learning in an

exciting inspiring, challenging and innovative environment.

- To continuously improve the paradigm of education offered by the school and set new excellence by implementation of the best practices.
- We believe our curriculum of excellence will help children ace the challenges of the 21st century with confidence.

OUR METHODOLOGY

Being inspired by Waldorf and Montessori Methodology we have designed our Course Curriculum which caters to the holistic development of the child.

Learning while playing is a unique method of teaching. Here the energy level of child are channelized so that you get the very best

out of it by developing the thinking process in a child.

OUR COMMITMENT

We are committed to provide a Pre-School atmosphere where-in we foster to the need of every child personally. It is just a home away from home. We also impart the best knowledge and cultivate good habits. We develop and project the talents in every child.

We help every child live a happy childhood, reach his or her potential and become a happy and fully functioning adult.

OUR PHILOSOPHY

We believe that:

- Each child is a unique individual and they develop at a different pace.
- Children should learn in a safe, child-centered environment through exploration and a variety of open-ended activities
- The learning environment and educational process should recognize different learning styles, abilities and interests.
- Education should address the whole needs of the child i.e. scientific development.
- The kindergarten program should focus on the physical, social, emotional, and intellectual development of the child.

- The early establishment of a positive self-concept and a positive attitude towards the school provide a foundation for formal education.
- Education is the shared responsibility of the management faculty, student and the parents.

OUR GOALS

To provide developmentally appropriate program, which gives each child the time they need to grow, emotionally, physically and intellectually.

- To enrich the learning experience by extending the child's idea, responding to their questions and challenging their thinking.

- To provide child-centered environment that encourages competence and self-esteem.
- To establish initial interest and lay the foundation for the development of skills in reading, writing and math.
- To foster curiosity and enthusiasm towards learning.
- To develop independent work habits and problem solving techniques.
- To help parents overcome their queries regarding child rearing through Positive Parenting Workshops.
- To create an environment where children, teachers and parents work together in a cooperative spirits and composed frame of mind to consistently encourage each child's maximum development.
